

# Hello!

We at Agzaga are so excited to partner with your local FFA chapter for our FFA week fundraiser this year! When a business is partnering with a non-profit, each state has a different requirement for approval to do fundraisers. Some require nothing, and others require legal counsel. It is a wide range. You've been directed to this form because your state requires a signed agreement for us to partner with you on a fundraiser. Fortunately, the process is very simple!

The terms of our Commercial Co-Venture (CCV) agreement are below. We have already signed our end of the agreement and we just need an advisor from your chapter to sign as well. Your state will most likely require a follow-up report on the funds you receive through the fundraiser, and we will provide that information once the fundraiser has concluded. We assume that you know your side of the process within your state.

## Co-Venture Agreement

Agzaga, LLC and \_\_\_\_\_ (Chapter Name) are entering into a commercial co-venture for the dates of February 19<sup>TH</sup>, 2022 through February 26<sup>TH</sup>, 2022. During this time, all Agzaga orders that reference the FFA Chapter mentioned above will enact a 5% donation to said FFA Chapter. The funds raised will be sent by check to the mentioned FFA Chapter no more than 10 days after the event has concluded. This agreement is written to show that both parties understand the setup of the fundraiser. This agreement also acts as a written consent between both parties that both parties are in support of this fundraiser and give permission to the other party to do this fundraiser. Both parties are aware that 5% of orders referencing the FFA Chapter mentioned above will be the total contribution sent from Agzaga, LLC to the mentioned FFA Chapter.
